“I learned how to make friends, complete my work and express my feelings. I’m not always angry anymore.”

- Zach, age 8, who spent two years at Boys & Girls Village’s Charles F. Hayden School. There, Zach received the clinical care and academic support needed for him to return to—and more importantly succeed in—a mainstream school setting. Zach will re-enroll in public school as a third-grader this fall. “We are so proud and excited for him!” his mother said.

Thanks to you and your continued support, Boys & Girls Village was there for Zach, as it is for hundreds of Connecticut children and families each year.

The need is great, but so are the rewards. Your contribution will ensure we continue to provide the comprehensive residential, outpatient and in-home services that so many children and families desperately need to heal, learn and grow.

Every child deserves a future as bright and blossoming as Zach’s flower.
